

800310101100200 Spiegelschrank

Technical drawing of a three-chambered door. The drawing includes three views: a front elevation, a side elevation, and a cross-section.

- Front Elevation:** Shows a rectangular door with a width of 1000 mm. It is divided into three vertical chambers by two internal dividers.
- Side Elevation:** Shows the door's height and thickness. The total height is 900 mm. The distance from the top edge to the top of the internal dividers is 886-890 mm. The distance between the internal dividers is 100-800 mm. The door thickness is 28 mm.
- Cross-section:** Shows the door's profile and its installation in a wall. The total width of the door assembly is 986-994 mm. The distance from the wall to the inner edge of the door is max. 400 mm. The distance from the wall to the outer edge of the door is max. 400 mm. The distance from the wall to the bottom of the door is >142 mm.
